Federals Retreat When Rebels March out of Juarez

### REINFORCEMENTS ARRIVING

El Paso, Tex., Nov. 25.—Gen. Francisco Villa will leave Juarez early tomorrow morning on a special train to join his troops, which are below Tierra Blanca, twenty-six miles south of Juarez, and will on arrival give the order for the march against the Federals under Gen. Salazar, Caravaca, Rojas and Landa, which is at Samalayuca, six miles south of the rebel positions. The Constitutional commander said to-night that he expects the battle between his troops and the Federals will begin soon after his arrival.

On the train which will carry Gen. Villa and his staff to the front there are ten cars loaded with provisions and supplies for the rebel soldiers and horses and several thousand rounds of ammunition. Part of the ammunition was captured by Juarez outposts last night from Federal smugglers who were trying to run the ammunition through the rebel lines from El Paso to the Federal forces at Samalayuca. The smugglers escaped.

"If the Federals do not run from their present position I will probably begin battle tomorrow morning," Gen. Villa stated tonight. "If they do not run my troops will follow after them and chase them back to Chihuahua."

## IDLE HOUR CHANGES HANDS

J. E. Fawcett Has Disposed Of His Interest In The Picture Show To

C. O. LAWELLE OF THE CITY.

J. E. Fawcett is no longer in the picture show business in Earlinton.

After leading a strenuous existence for the past eight months trying to run a newspaper and printing office here, a printing office in Madisonville, a picture show here, one in Morton, one in Sebree, in addition to selling Royal Typewriters and hot point irons he had decided there were too many irons in the fire and abandoned the picture shows. Mr. C. O. Lawelle, who was formerly machine operator will take charge of the Idle Hour on the first of December, and will continue to use Universal films. He is a gentleman and a first-class picture show man and we hope the people of Earlinton will give him liberal patronage.

In retiring from the picture show business J. E. desires to sincerely thank his many friends for their constant boosting and liberal patronage and assures you all he was more than delighted to see you at the show each night, whether you came on passes or paid your fare. Here's hoping the new manager may soon get rich and be able to retire as so many other moving picture men have done.

## OSAKA, JAPAN, "THE CITY OF BRIDGES"

Sum of \$152,000 for Foreign Missions in Single Denominational Meeting

### TRIPPLE KOREA WEDDING

Y. M. C. A. Work in South America—Evangelism in China

By Southern Missionary News Bureau  
IDA CLYDE CLARKE, Editor

A pretty story of Osaka, "The City of Bridges," comes from the well known Missionary, Mary H. Ransom. She writes: "Osaka, Japan, is known as 'the City of Bridges'—for it has more than a thousand spanning its two rivers and many canals. One small, but very useful bridge, which connects Osaka with a village known as 'Christian Bridge' and receives its name in the following way: 'In this village lived, some twenty years ago, one Christian woman who was old and poor. She received nothing but taunts from her friends and neighbors because she had, as they said, deserted the faith of her fathers. 'When she lay dying an officer of the village came and asked her if she had any request to make. Her reply was: 'I need nothing; I shall soon die and go to inherit the mansion my Heavenly Father has prepared for me, but if you will heed the request I am about to make I will feel that I have not lived in vain. As you know, myself and others have always had to walk long distances carrying heavy burdens on our backs whenever we went to the city to sell our produce. I have but ten yen (\$5), but I will gladly give it if you will make the foundation for a fund to build a bridge so the people of our village may have an easier, more comfortable way of getting to the market.' 'The officer accepted the contribution, and after her death told the people of the old woman's usefulness request, and soon money enough was secured to construct the bridge. It was christened 'Christian Bridge' and stands as a monument to one of our Lord's faithful ones whom 'many shall raise up and call blessed.'"

### Remarkable Missionary Offering

At a recent denominational missionary conference at Waynesville, N. C., a most remarkable missionary offering was made. While one of the speakers was delivering the message of the hour a layman arose and interrupted with the request that he be permitted to give \$10,000 for the missionary fund. The sermon was not continued. The congregation of giving spread until, including subsequent meetings, the magnificent sum of \$152,000 was laid upon the altar of the church for the work of foreign mission.

### Triple Korean Wedding.

A social event transpired recently at a Korean mission in San Francisco, which has never been equalled in the history of Christian work among the Koreans. Three couples were united in marriage at the same hour.

The missions parlors were very artistically decorated in pink and green. The three brides arrived on the Siberia last week. The names of the couples are: J. E. Yang and Miss J. H. Lee, of San Francisco; H. G. Kim and Miss S. E. Kim and B. G. Kim, and Miss K. O. Chang, of our Sacramento mission. Rev. David Lee performed the triple ceremony, making it very impressive. After congratulations ice cream and cake were served to the host that thronged the parlors, the brides cutting the three brides' cakes in the most approved style. The brides were attired in fashionable white wedding dresses, and wore the regulation veil and orange blossoms.

## LAST CALL FOR TAXES

Treasurer Wise sends Out a Final Letter to Tax payers

NEARLY ALL WILL BE PAID BEFORE THE LIMIT DEC. 5

The treasurer of the School Board, Mr. E. L. Wise, has mailed another circular letter to all tax payers in the district who had not on the 15th instant paid their school tax for 1913, giving all final and courteous notice of the limit of time in which the tax must be paid. The letter follows: M.....

The amount of your school tax with 5 per cent penalty add-on is \$..... This became delinquent Sept. 15 and ninety days from that date or on December 15 I will proceed according to law to collect this tax by garnishment proceedings or by the sale of personal property or real estate.

This notice is being sent to you in the belief that you may have overlooked the matter and from a desire to save you any unnecessary annoyance or expense. If any error has been made in this matter, I will thank you to advise me of it before Dec. 15, in order that it may be adjusted. If you desire to pay this tax you may do so at the Peoples Bank.

Yours truly,  
E. L. WISE, Treasurer.

Mr. Wise has taken particular care to keep the taxpayers advised as to amounts and dates due, etc., going out of his way and beyond requirements of the law to send all taxpayers from time to time personally addressed letters giving each full information. This course has caused the general voluntary payment of the school tax and a general appreciation on the part of the taxpayers of the care and courtesy with which Mr. Wise has handled the matter.

The prospect is there will be scarcely any tax left unpaid on Dec. 15th, the date on which it will be the duty of the treasurer to begin enforcing the payment of what may then remain unpaid.

### Notice To Idle Hour Patrons.

On December First, I shall take charge of the Idle Hour Theatre and in the following lines I wish to make a few facts plain to the public:

FIRST: There positively will not be any 101 Bison "Western" pictures shown in this theatre but we will show some exceedingly good "Historical" pictures made by this company.

SECOND: You positively will not have to pay more than 10c for any feature you may see in this theatre. We do not mean by this that we will not show any extra features, because we will. We will also continue to run the popular "Universal program" with the exception of the 101 Bison "Western" pictures.

REMEMBER—No matter what kind of a feature you may see, it will not cost you more than 10c.

Respectfully,  
C. O. LAWELLE.

## ALLEGED BIG COMBINATION

Of Twenty Coal Mines in Western Kentucky Reported

PITTSBURG OPERATORS WITH MILLIONS OF CAPITAL DECLARED PURCHASERS

Hopkins County Coal Men in Ignorance of Any Such Deal

CRITICISE REFLECTION UPON COAL DEVELOPMENT OF WESTERN KENTUCKY

A dispatch from Henderson, dated Sunday, claims that twenty coal mines in different sections of Western Kentucky have been bought with Pittsburgh capital, that the deal has been actually consummated. The name of J. T. Edwards, of Providence, is used in the dispatch as having had hand in promoting the alleged transaction. It is said that from sixty to ninety days will be required to organize the new company and get it under headway, and that the main offices of the company will be at Evansville. The statement is also made that the success of this deal "means the long-delayed commercial development of Western Kentucky."

A number of Hopkins County Coal operators have been interviewed by The Bee and these operators represent nearly all the coal mines of Hopkins county. All of them declare there is nothing in the story so far as their own mines are concerned and that they do not believe any Hopkins county operation is involved in such deal. Hopkins county coal operators are the largest and most important in Western Kentucky and this county has for many years, with rare exception, led all the counties of Kentucky in annual coal tonnage.

Coal men in Hopkins criticize the statement that success of such a rumored combination of coal mines "means the long-delayed commercial development of Western Kentucky." They say a study of the coal business over a long period of years has proven that this coal field has rather for years been over developed, to the detriment of the industry and that whatever development of Western Kentucky may have been long delayed it is not the coal industry nor anything related to that business. All hands are waiting to hear any official announcement in connection with this story on another "big coal combine."

## HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

### AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cod's livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

### NEW YORK GIRL WORKERS SEND MISS WILSON GIFT

Hand-Embroidered Petticoat Taken to White House By Delegation.

New York, Nov. 24.—A delegation representing 500 girl employees of a white goods factory left today for Washington to present Miss Jessie Wilson, the President's daughter, a hand embroidered linen petticoat as a wedding gift. Miss Wilson, it is understood, had made an appointment to receive the committee at the White House this evening. All of the 500 girls played some part in the making of the fine petticoat, which is embroidered with a garland of roses and an American eagle and flag bearing the initials J. W. S.—Jessie Wilson Sayre. The idea was prompted by appreciation of work Miss Wilson has done as a social worker among New York factory girls.

The tenth anniversary of the Buenos Ayres, association was celebrated by the inauguration of a splendid new building costing \$200,000. The exercises extended over a whole week and constituted a striking commentary on the international character of the work in the southern city.

The first night was devoted to the 400 English-speaking members, the English and American ministers both being present; the second was assigned to the 500 Argentine members; the third to the large Scandinavian section. The Germans had the fourth night. The ministers of Germany, Switzerland and Holland were in attendance, as also the Chargé affairs of Austria-Hungary.

On the following evening the rector of the University of Buenos Ayres received the members of the student community associated with the Y. M. C. A. There were 1,500 representative university men present. Sunday was given over to the English-speaking services, and Monday to the Spanish-speaking Protestant churches with their fifteen pastors. In all during the dedication week, over 2,000 people, representing every section of the cosmopolitan life of Buenos Ayres, visited the building.

The combined aggregate attendance amounted to the vast total of 137,569. The number enrolled Bible classes was 7,057.

### SICK, SOUR STOMACH.

### INDIGESTION OR GAS

Take "Pape's Diapiesin" and in five minutes you'll wonder what became of misery in stomach

Wonder what upset your stomach—whether portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach, it's so unnecessary.

#### Stanley Bill

Says Carriers Should Not Own Factory Stock.

ROADS NOW UNLOADING.

Washington, Nov. 23.—The Interstate Commerce Commission has approved the general purpose of a bill introduced by Representative A. O. Stanley, prohibiting joint ownership among common carriers and shipper. This report, which has been received by the Commerce Committee of the House, is here presented for the first time.

One of the phases of the anti-trust question which will demand the attention of the coming session of Congress involves an extension of the "Commodities clause" of the present railroad act. This is the objective point of the Stanley bill.

The bill was referred to the International Commerce Commission by the Interstate and Foreign Commerce Committee of the House for an opinion. In its reply the commission, while it approves the general idea separating the control of railroads from that of the producers, asserts that it would not go as far as does Mr. Stanley.

What Bill Prohibits.

The Kentuckian's bill prohibits its mining or manufacturing interests from "owning in whole or in part, directly or indirectly," any stock in a railroad engaged in interstate commerce, and is, therefore, a sweeping extension of the commodities section of the present act. The commission believes that the shipper who has no interest in a railroad which he must use is at a disadvantage in competing with a shipper who is interested in the carriers and has expressed its views in the report as follows:

"This bill seems to be an amplification of the commodities clause of the present act. The commission is of the opinion that unjust discrimination and undue preference will exist so long as a carrier competes with others in the marketing of commodities or properties. The producer or manufacturer, who has no interest in a carrier, must base his calculations on his experience in producing or manufacturing, plus the lawful transportation charges of the carriers. The carrier that engages in the manufacture or production and also in the transportation can combine the two in such a way as to profit by the carriage if it does not profit by the manufacturer or production, or to profit by the manufacture or production if it does not profit by the carriage."

### Plan For New Judicial

District Being Revised—James and McReynolds to Confer.

EASTERN DOCKET WEIGHTED DOWN

Washington, Nov. 23.—Senator James has arranged for a conference this week with the Attorney General, in which he will discuss the advisability of dividing Kentucky into three Federal judicial districts. If the Attorney General approves and a division can be worked out that will relieve the present overcrowded condition of Judge A. M. J. Cochran's docket. Mr. James will probably introduce a bill creating the three districts in the place of the present two. Such a move would add a Federal Judge, a District Attorney, and a District Marshal to the list of government offices in Kentucky, in addition to a Court Clerk and kindred officials.

John Wesley Gaines, former Congressman from Nashville, is in Washington in the interest of adding the third district. He has conferred with Mr. James, several times about the matter.

Some months ago Senator Bradley announced that he would introduce a bill for a third district if anyone could devise the proper boundaries for it. He received no suggestion that seemed satisfactory to him, and the matter was dropped. Now Mr. James has interested himself in the problem and if the Attorney General approves the district and all that it involves will be forthcoming.

Judge Cochran, whose jurisdiction is the eastern half of the State, has been unable to keep his docket clear because of the vast increase of litigation growing out of the development of Eastern Kentucky, and the lawyers of the State are demanding a "new circuit. This will have to be planned carefully. Areas of litigation and population will have to be considered along with geographical division, and Mr. James said to-day he will welcome suggestions.

"I think we ought to have three Federal Courts in the State," said the Senator.

#### ALL IN READINESS

For big Tobacco Trial. Great Preparations Made.

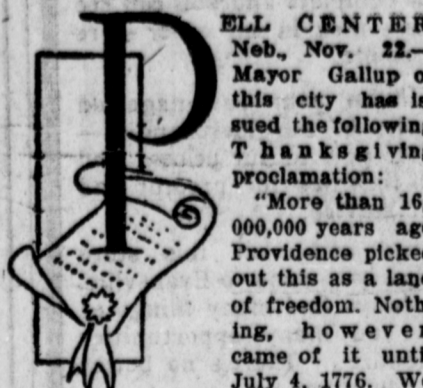

Morganfield, Ky., Nov. 23.—All is in readiness for the trial to-morrow morning of the case of the Commonwealth against the Imperial Tobacco Company, charged with violation of the State's anti-trust laws. The case of Frank Burshears, against the L. & N. railroad for \$3,000 damages to stock sent from Colorado during the high water last spring will be given to the jury fearfully to-morrow morning, and Judge Henson will then vacate the bench for Special Judge Hansbury, to take up the tobacco case.

In expectation of unusual interest in the trial the telephone and telegraph companies are making extraordinary efforts to increase the facilities for handling the news.

The Imperial Company has engaged the whole second floor of a building for its use during the week. The Commonwealth is represented by Commonwealth's Attorney Sam Dixon and Congressman A. O. Stanley and by W. T. Harris, L. O. Flournoy and County Attorney G. T. Berry, of this place. The Imperial will be represented by Judge Carlton, chief attorney of the Imperial at Richmond, Va., and by Allen & Miller, and Drury & Drury, of this place.

It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by St. Bernard Mining Co. Incorporated, Drug Dept.

## Thanksgiving Proclamations You Ought to Know

ELL CENTER, Neb., Nov. 22.—Mayor Gallup of this city has issued the following Thanksgiving proclamation: "More than 16,000,000 years ago Providence picked out this as a land of freedom. Nothing, however, came of it until July 4, 1776. We cannot hope to understand the ways of the Creator. All we know is that the lakes were strung along our northern boundary to keep back the hordes of Canucks who might, if the barriers were not there, come over and gobble us, while upon the south of us we find the Gulf of Mexico. It was doubtless dropped down there to keep the Central Americans from rushing upon us and robbing us of the birthright that we have fought and bled for and that is dearer to us even than some kinds of public offices.

"Therefore, I, William G. Gallup, being of sound mind and body, do set apart, designate and specify November 27, 1913, as a day of thanksgiving for the 327 pure, patriotic, progressive, prosperous, perspicacious, popular, potent, powerful and praiseworthy people of this beautiful and lovely city. Let even the man who keeps our deplorably poorly managed livery stable (I mention no names) and a certain grocer who worked against me at the last election join with our brave men, our noble women and our sweet, sweet children in showing that they are thankful to Providence for placing the destinies of this lovely place in the capable and unsoiled hands of one whom modestly forbids me to praise at this time."

GLETON, Mich., Nov. 22.—In the absence of Mayor Freshwater, who is in Dowagiac helping his brother-in-law with his corn husking, Abraham Watt, president of the board of trustees, has issued a Thanksgiving proclamation, as follows: "It is fitting that we should acknowledge the kindness of Divine Providence in arranging aeons and aeons ago to have Skunk creek run along the edge of our lovely and beautiful little city, so that it is unnecessary for us to drive our cows far to water. It was divinely ordained long before the corner stone of the first Babylonian post office or Masonic temple had been laid that a town was some day to spring up on the banks of Skunk creek. We have kept the faith. Our heritage is unspotted. We have nobly set our heels upon the neck of tyranny, and the only red light in our midst is the one at the railroad switch.

"Let us then give thanks and pray for help to walk bravely and uprightly where the boards happen to be loose in our sidewalks so that our shins may be unscathed as we blithely tread the path of life through and across the twelve months to come.

"Feeling that I have done no more than my duty in telling you these things about yourselves and the lovely place in which it is your lot to live, I herewith set my hand and seal, recommending that you will never forget what civilized theology has done and may yet do for you."

#### THANKSGIVING

Say, This is the day When you ought to say How glad you are the curse Ain't any worse; When you ought to raise Your voice in praise, And your eyes To the skies, And see, Gratefully, In the sunlight, in the starlight, In the earth and in the air, More of gladness Than of badness, And some goodness everywhere. What are you that you should measure In your little scale the treasure. And should call it short, when you Missed what you had thought your due? Say, That's no way To observe the day. Shake yourself loose From yourself for awhile, Look upward not downward To catch the Lord's smile; You will catch it, don't fear; It is there, and its light, Falling clear on the shadows, Make day out of night. And this is the Day. See? W. J. LAMPTON.

### CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious

Look back at you childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

#### About Umbrellas.

Eyeglass wearers have long since complained that people are careless with umbrellas. Many pairs of glasses have been knocked off and broken by persons who selfishly refuse to move an umbrella so as to allow other people to easily pass. A few even persist in dangerously spinning an umbrella along a crowded street, endangering the glasses and sometimes eyes of passing walkers.

#### A Night of Terror

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed night of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all Dealers.
